IMPORTANT ANNOUNCEMENT FOR OUR PATIENTS 18 May 2020 - Corona Virus Update

“Time to get your dental care back on track”

You have probably already heard that Australia has been doing a great job of flattening the curve and the government has been able to ease several restrictions including those placed on dental practices.

We are pleased to be able to offer you a warm welcome back for all your dental treatment needs.

Your oral health is always important, but we recognise that isolation and the economic impact of the pandemic have taken a toll on most of us. We understand it can be easy to let your good habits slip during stressful times, so don't delay if you need to come in for your regular check-up or any other service.

To book your appointment please contact us on 88477400. As of this week, our normal surgery hours have resumed i.e. Mon-Fri 8am-5.30pm, Sat 8am-12noon.

At Blackburn Dental Group, we always pride ourselves on our high standard of patient care. In addition to our current exceptional infection control standards, our trained staff have implemented even stricter safety measures for the duration of the COVID-19 pandemic including COVID-19 screening, frequent environmental cleaning in the surgeries and waiting area, hand sanitiser stations for staff and patients and social distancing in the waiting room.

We can't wait to see you again, but if you're feeling sick or experiencing any of the symptoms of COVID-19 please let us know, delay your visit, and take care of yourself first. If you have any questions or concerns, please get in touch with us.
